CALIFORNIA STATE PRISON

AT SAN QUENTIN

Dear Friend:

Can you use another flag?

If so, it is to your interest to read this letter carefully:

We make flags at San Quentin. They are good flags,--the material is the best that can be purchased and the workmanship is unexcelled.

Recently we sold a flag to Marina School District in Monterey County and the School Trustees were so pleased with the flag that no sooner had they flung it to the breeze than the clerk sat down and wrote as follows:

> "I am pleased to tell you that the workmanship is 100% and the material is such that it would please the most critical person. I will be glad to recommend the San Quentin Flags to anyone who is in the market for First Class Goods as there does not fly in Monterey County any finer flag than that which floats over Marina School."

This recommendation was entirely voluntary. Of course it is the best recommendation we have ever received because it is the highest praise that could be given to our product. We have received many others and all who have volunteered to comment on our flags have been more than pleased with both value and quality.

A list of the different sizes and prices of our flags is enclosed. If you do not need a flag just at this time put it away where it will be handy when you desire to replace your present flag with a new one. If your school does need new flags order them now and we will send by parcel post immediately.

Very truly yours,

SAN QUENTIN PRISON,

By J. A. Johnston

Warden.
